

ST. PAUL'S CATHOLIC SCHOOL GYMNASIUM

SIZE

14,000 SQ FT

COST

\$3,400,000

ARCHITECT

**RONALD SCALISI
ARCHITECTS**

DESCRIPTION

Auld & White Constructors was retained by the Diocese of St. Augustine to complete the new construction of a gymnasium at St. Paul's Catholic School in Jacksonville Beach, Florida. The project scope included demolishing the school's existing gymnasium, whose roof collapsed due to the strong winds and rain from Hurricane Irma. Auld & White Constructors self-performed the concrete and the tilt-wall panel erection portions of the project.
